Synopsis: It sure is hard to be humble when you're a swashbuckling, egocentric super-hero. But our gallant guy-in-green tries his best as he swaggers through *The Somewhat True Tale of Robin Hood*, a frantically funny, Monty Pythonesque retelling of the classic. This time around, the legendary legend, in his never-ending quest to aid the needy, encounters a lovely damsel-in-distress (oddly obsessed with skin conditions); an ever-scheming sheriff who would rather bowl a strike than hit a bull's-eye; a gold-hoarding, bad-guy monarch wannabe; and a good-natured "Town's Guy" who manages to make his way into every scene, whether he belongs there or not. Combine them with an expandable band of spoon-wielding Merry Men whose collective IQs equal six, and you've got an irreverent jaunt through Sherwood Forest you won't soon forget!

Characters:

Robin Hood- A dashing hero with a big ego.

Lady Marian- A lovely damsel who is oddly obsessed with skin conditions

Town's Guy- A Merry Men wannabe who finds his way into every scene

Prince John- The head bad guy

Sherriff of Nottingham- Prince John's cohort who is a pro bowler.

Lady in Waiting- Lady Marian's attendant

Friar Tuck- A kind, somewhat dense, older adviser to Robin Hood and crew.

Will Scarlett- The wise guy

Little John- A large man with a small IQ

Allan Adale- One of the Merry Men who is only slightly smarter than Little John

Fawning Ladies- Four ladies who fawn over Prince John

Merry Men/Women, Guards, Poor Lady with a baby, and Rich man- Some roles will be double cast
